TWENTY-FIVE TOWNS DESTROYED

A Butchery That Will Send a Thrill of Horror Throughout the Entire Civilized World-The Bloody Affair Being Investigated by Ilritish Officials-Turkey Silent on the Subject.

London, Nov. 17.-A dispatch to The Standard from Varna, Bulgaria, says that despite the Turkish governwhich leave no doubt that a massaere of Christians has occurred on as important scale as the butchery at Batak, Bulgaria, which sent a thrill of horror through the civilized world.

The trouble bogan with the refusal of the Armenians to pay tax on the plea, probably weil founded, that the frequent Kurdish raids have impoverished them. A few troops that were sent to collect the taxes were beaten. In the meantime the governor of Bitlis, Asiatie Turkey, reported to the port that a serious revolt had broken out and obtained permission to send all obtainable troops to the scene. Marshal Zeki Pasha, commander of the Fourth army corps, stationed at Erzlagen, was ordered to proceed thither and direct operations. Before this impesing array of regulars the Armenians quietly submitted.

Now comes the horrible part of the stery. The governer of Bitlis resolved to make an example in order to prevent a repetition of the revolt. He ordered the troops to fire upon the defenseless people. The order was executed with alacrity. The soldiers only rosted from their labors when 25 villages were destroyed, and thousands of their inhabitants killed.

Mr. Hallward, the British consul at Van, proceeded to the seene and then reported to the British ambassador at Constantinople, who protested to the perte. The sultan expressed horror at could do the same. Ne ene wants to the crime, and ordered an immediate report from Marshal Zeki, which appears to have seriously involved the governor of Bitlis. The latter, in self. defense, and as a means of obtaining revenge, has formulated the grave charge against Mr. Hallward of having incited the Armenians to revelt. This matter is being investigated by British officials on the spot.

As the St. Petersburg dispatch to The Standard says that advices received there from Tiflis are to the effect that Turkey is avenging its defeats around Sassun on the peasants of the Shatakh district. Marshal Zeki, it is added, has raided 11 villages and sent 150 of their inhabitan's of both sexes loaded with chains to prison at Mush. Mr. Hallward, the British consul at Van, has arrived to investigate, but the police prevented the peasantry having access

MURDERED ON THE STREET. Two Brothers Pick Out Their Men and Shoot Them Down.

Lula, Miss., Nov. 17.-There was a pitehed battle in the main business street of Lula yesterday, as the result of which two men are dead. J. W. Boyd and his brother Boyd stood in a doorway until they saw J. W. O. Harman and A. H. Lawrence approaching on their way to dinner. Then the on their way to dinner. Then the brothers, each armed with a shotgun, stepped forth and oponed fire on the others. Harman had time to draw his pistol and fired twice at the Boyds, but without effect. Each of the brothers had his man picked out, and at the lirst volley both of the men fell.

The elder Boyd monnted a horse and rode away while the other escaped on foot. They sent word later that they would surrender to the sheriff, but no one else. The tragedy is the result of an old foud. There had been bad blood between the elder Boyd and Harman for several months, and Thursday Harman beat Boyd severely with a pistol. Harman was mayor of Lula. Lawrence was a jeweler, and J. W. Boyd is a plantation overseer.

GEORGIA TO FOLLOW TILLMAN. A State Dispensary Law Advocated by Legislators.

ATLANTA, Nov. 17.—Upon the organization of the present legislature Speaker Fleming appointed on the temperance committee men who are known as determined enemies of the liquor traffie. They have resolved to report for adoption what is known as the Bnsh bill. This bill prevides that it shall be a felony for any citizen of Georgia to engage in the sale of liquor. In place of the present method of selling it is provided that there shall be established in each county a state dispensary, snpervised by a discreet man, who shall keep a record of all liquors sold. It is also provided that there shall be a state inspector, who shall test all liquors offered for sale. This officer will be olothed with the more despote right to enter upon property for purposes of investigation

NO CAUSE FOR ALARM.

Washington C. H. Affalr.

COLUMBUS, O., Nov. 17.—No intimation as to the course of the Fayette county officials with regard to the probable arrest of Colonel Coit of the Fourteenth regiment had reached Columbus.

There is strong opposition among the personal friends and business and military associates against permitting Colonel Coit to be taken to Washington C. H. without a military escort. If a warrant of arrest is issued a large number of prominent eitizens will immedintely call upon Governor McKinley and request that an escort be provided.

Governor McKinley, however, takes a more hopeful view of the situation. He does not believe the necessity fer such action will arise, and inclines to ment's silence facts have oozed out the opinion that the coroner, having rendered nis verdict, holding the celonel and sheriff responsible for the death of the rioters, the matter will be allowed to drop with the publication of this fluding.

AT WASHINGTON C. H. There is No Excitement There and Calonel Coit Is in No Danger.

WASHINGTON C. H., Nov. 17.—The verdiet of Coroner Edwards, finding Colenel Coit and Sheriff Cook responsible fer the deaths of the riot victims, is creating little or no excitement here. Colonel Ceit claims to have done his duty while here. Coroner Edwarts claims to have done his duty in making his report, yet It would seem, from the Columbus telegrams, that the militia is about to be sent here to protect Colonel Ceit from the imaginary vielence of as peaceful a community as there is in Ohio. This city and community are and have been quiet ever since the unli-

It never would have become excited but for the menace of the presence of soldiery. There is, and at all times has been, a mere bitter feeling against Sheriff Cook than against Colonel Coit. The sheriff goes peacefully and safely about our town and county. Cost molest him. He needs no military escort. The board of trade of Columbus can ring off the exchange. The First regiment need not remain under urms. Celonel Coit will not be wanted here until after he is indicted.

The President's Coming Message.

Washington, Nov. 17. — President Cleveland's forthcoming message to he has ever written. Only two weeks remain in which to prepare it, and the intervening time will be deveted assidnously to the task. The work has not been begin yet, ewing to the delay in receiving the annual reports of the cabinet officers. While preparing it the president will remain at Woodley and deny himself to callers except those officers he may summon from time to time fer consultation.

Killed by a Train.

Coshocton, O., Nov. 17.—Daniel Fair, commissioner of Coshocton county, Newton Speekman, county auditor, and a 10-year-old son of the latter were attempting to drive over the Panhandle railroad crossing here yesterday evening when their buggy was struck by a train. They were hurled several feet, and Fair received injuries from which in his "Psychology" and "Divine Governhe died a few hours afterward. Speekman and his son were bruised but not expression.

A Mob Organizing.

MASSILLON, O., Nov. 17.-Ed Morgan, one of the gang charged with having outraged a woman at Pike Run, and who was shot by Marshal Just, was buried yesterday. At the funeral Morgan's father and brother took an eath to kill Just, if either were killed in the attempt. A mob has been organized to lynch Just, but as yet no leader has been found to make the start.

An Indignant Faculty.

LEXINGTON, Ky., Nov. 17.—The faculty of the Kentucky university are indignant over a sensational dispatch in the Louisville Post saying 20 students are seriously ill from drinking impure water, and three deaths have occurred within the past week. There has been considerable typhoid fever in Lexington during the past month, and nino college students at different times have been ill, but there have been no deaths among them from fever.

AN EX-PRESIDENT OF PRINCETON.

His Physicians Attribute His Death to Heart Failure Induced by Old Age-He Sulfered No Pain and Was Conscious Up to the Last Moment-Brief Blography of

PRINCETON, N. J., Nov. 17.-Dr. James McCosh, the venerable cx-president of Princeton university, and a leading educator of the age, departed this life at 10 o'clock last night. He had been conscious nearly all day and died in that condition. His sou, Dr. Andrew J. McCosh; his daughters, Mrs. David Magie, and Mrs. Alexander Maitland, and his wife, Mrs. Isabella McCosh, were at his deathbed. He has suffered no physical pain, and aside from weakness, brought on by old age, county, and then he promises to act promptly, as he has declared that Colonel Ceit shall be protected.

from weakness, brought on by old age, has been in perfect health. His physicians attribute his death to heart failure colonel Coit is quietly awaiting the induced by old age.

James McCosh was born April 1, 1811, in Ayrshire, Scotland. His carliest life wa spent on his father's Ayrshire farm. He was educated at the Universities of Glasgow and Edinburgh. In 1835 he was ordained a minister of the Church of Scotland. In 1843 he took ar. active part as a supporter of Dr. Thomas Caalmers in the disruption of the Church of Scotland, and in establishing the Free Church of Scotland, being one of those who lost their iiv ings by this movement.

During hls residence in Brechin he married Miss Isabeila Gutirle, a nicce of the celebrated Edinburgh clergyman, Dr. Thomas Guthrie. During this pastorage he issued his first book, "The Method of the Divlne Government, Physical and Moral." (Edinborough, 1850). This work laid the foundation for his philosophical cougress will, it is said, be the longest reputation. The following year he was called to take the professorship of logic and metaphysics in Queen's college in Belfast, and remained there in this capacity

until his removal to Princeton. In 1866 he was called to be president of Princeton college, and entered upon his new datles in October of that year. Important as his labors in the Old World had been, his work in Princeton was to be more important. The coilege had suffered severely during the civil war, and was in a low condition. With characteristic energy Dr. McCosh at once set about securing ad HAMILTON, O., Nov. 17 .- Another ditional endowments, and Morganizing the college with a view to large developments. Generous friends were at hand and money was freely furnished. New buildings were erected, old ones altered, the campus beautified, the strongest professors he could find were called to the chairs established, the course of study was over hanled, elective stadies were introduced fellowships were founded, the discipline of the Institution was put on a higher plane, and in general every part of the college was strengthened and enlarged. But the intellectual and moral part of the work was greater than the material.

Unsparing himself and strict in regulring faithful performance of duty by others. he made the whole college move as one man. He was not only an admluistrator but a great teacher. An assiduous literary worker, writing his phllosophy in a most attractive style, he poured forth paper after paper, and book ufter book. Passages ment" are classic la the excellence of their

Dr. McCosh resigned the presidency in 1888. Since then he has lived hi the privacy of home in Princeton. His tast public appearance of note was at the congress of higher education at Chicago in 1893. He was the most venerable and im pressive figure of that guthering.

During the past summer his strength began to fail fast, and on his return to Princeton this full it was evident he had not long to live.

DUN'S REVIEW OF TRADE.

Gradual Improvement Appears in All llranches of Hushiess. New York, Nev. 17.—R. G. Dun &

Company's weekly review of trade says: In nearly all branches of business gradual improvement appears, and the hopeful feeling observed last week continues. It will take time to lift business of its depression and the progress made, if less than the sanguino expect-

ed, is at least enconraging.
The decision to offer \$50,000,000 bonds for replenishment of treasury reserve was, by bankers, generally approved. It is generally assumed that the bonds will be taken at once. The effect is less easy to anticipate, for the formal announcement that after a general reconstruction of revenue laws it is still found necessary to borrow tends to raise doubt about financial provisions for the future. The reported importation of gold from Londen, with a loss on its face of \$7,500 at the present exchange rates, is presumably meant to affect bond subscriptions. There have already been some withdrawals of gold from the treasury by redemption of notes to make payments for bonds, and goods rather than gold are likely to come from

Resumption of work and increase of working time have been more conspicuous in the cotton industry than in others, but no hereased demand for goods appears.

For unished products of iron the demand is, on the whole, narrower.

At the west there was a little im-

provement. Manufacturers of woolens have good orders for this time of the year, many still running mainly on such goods, but there is a general failure of supplemental orders for spring goods. Sales of wool are again smaller than last year.

Speculative markets have been stimnlated in part by the call for bonds and wheat has advanced 11-2 cents, com 1 1-2 cents and cotton asixteenth. Western wheat receipts in two weeks of November have been 7,871,671 bushels, against 12,166,830 last year, but Atluntic exports in two weeks have been only 1,029,555 busheis, against 1,770,643 last year. In October over half the exports were from the Pacific coast at less than 50 cents, so that the average for all exports was only 50.8 cents against 65. last year.

Corn receipts have been less than half of last year's, with exports insig-

The cotton movement continues large, but sales were made at only 5.56 cents for two days here, and at such price prolits are poor.

Killed His Landlady and Himself.

CHICAGO, Nev. 17.-J J. Higgins, an electrician, shot and killed Mrs. Kate McLanghlin, his landlady, and afterward shot himself through the head, dying almost instantly. Higgins had roomed at Mrs. McLaughlin's honse fer some time, and, falling behind in his rent, had been threatened with ejectment. Last night he called the weman into a bedroem, and, after a hard struggle, threw her to the floor and fired sev eral shots into her body. After killing the woman, Higgins left the heuse, but returned and was standing on the sidewalk in front of the place when he heard the patrol wagon coming, and, rather than be arrested, he sent a bullet through his head.

Treasury Statement,

WASHINGTON, Nov. 17.—The eash balance in the treasury yesterday was \$102,695,272; gold reserve, \$61,784,482. The withdrawals of gold from the subtreasury in New York yesterday in exchange for legal tenders amounted to \$975,000. That the gold was not withdrawn for export is shown by the fact that at yesterday's figures sterling exchange can be had at a figure below the cost of shipping the coin. It is assumed therefore that the gold will be used in the purchase of bonds. Mail reports received yesterday show other withdrawals aggregating \$132,061, making a total for the day of \$1,097,061.

The man was medium size, and about 25 years old. It is reported that the dead man lived near Fort Seneca.

The National W. C. T. U. Convention at Cieveland.

THE FIRST DAY'S PROCEEDINGS.

The Opening Excreises Consisted of a Notable Address by the President of the Union, Miss Frances E. Willard, and the Reports of the Other Officers - Growth of

CLEVELAND, Nov. 17.—Representative women frem every state and territory in the Union, as well as from Canada, filled the spacious Music Hall yesterday upon the opening of the twenty-first nunual convention of the National Woman's Christian Temperance union. The hall was elaborately decorated with the national colors and appropriate mottoes, conspieuous among which, enveloped in somber crepe, was a portrait of Mrs. Mary A. Woodbridge, the national corresponding secretary, who died somewhat suddenly in Chicago a few

When Miss Frances E. Willard appeared upon the platform of Music Hall and called the assemblage to order, the delegates rose to their feet and applauded for several minutes. After this, they gave the Chautauqua salute three times over. It was the first appearance of the noted temperanee leader since her serious illness in England, and which at one time threatened to result fatally, and she was profoundly affected by the

warmth of the greeting.

After the enthusiasm had subsided, the convention was opened with the reading of the Crusade psalm responsively led by the venerable Mother Stewart, Miss Willard and Mrs. Eliza J. Thompson. Then the audience joined in singing the Crusade hymn 'Rock of Ages," and, after prayer by the Rev. Frances E. Townley, and the rolleall of delegates, and the appointment of committees, Miss Willard delivered her an-

nual address. Miss Willlard congratulated the immense andience upon the fact that the organization had reached its 21st birthday, and had lived out its eager youth, so that it stood on the threshold of mature womanheod. At the convention in Cleveland 20 years ago but half a dozen state unions were represented. Today there are more than 50, and the single national union has extended to 49 nations and provinces. The speaker then proceeded with an elaborate review of the progress of the temperance, labor, woman's and purity movements in the country in the last two decades.

Miss Willard concluded an address of nearly two hours' duration with a resume of the present condition of the organization. She said that it had made better showing in membership and in the gifts received this year than the last, a remarkable token of the vitality of the movement in a period of unequaled linancial depression. "God speed," she said, "the fu-

ture of the movement." The annual report of Mrs. Helen M. Barker, treasurer, showed receipts: Dnes, \$14,704.99; other contributions, \$11,314.26; total, \$26,019.25. Disbursements, \$20,838.07. Balance in treasury, \$5,681.18. There are no outstanding bills. The receipts of the year were in excess of several previous years, and dnes showed an increase in paid-up membership over last year. This was most encouraging, in view of the financial stress of the year. Beside the receipts shown by the treasurer's books. assets to the amount of \$6,800 had been donated in interest bearing notes and stocks, but as they had not been cenverted into cash, had not entered into

The report of the corresponding secretary stated that while nearly all churches and missionary and charitable societies mourn a deficit in finance and the consequent erippling of their work, the Woman's Christian Temperance union comes to its annual meeting with increased membership. Every bill is paid and there is a more comforting balance in the treasury than any previous year has shewn. The work in each state is detailed. The results in Kentucky are summed up in just five words: "Kentucky has defeated Colonel

Breckinridge.' The roport concludes as follows: "We have now a following of between 400,-000 and 500,000. Including the active paidnp membership of the W's and Y's, the honorary member and the Loyal Temperance legion, which is the nursery of our organization."

At the afternoon session the convention discussed the relations of health and heredity and sanitary and economic cookery to the battle against intemperance, and reports were made from each of the departments of the educational group concerning the growth of total abstinence habits and sentiments. At the welcoming meeting last night,

Mayor Blee spoke for the city, and among the speakers were Mrs. Mary T. Burt of New York, Mrs. Emma A. Cranmer of South Dakota, Mrs. Frances E. Beauchamp of Kentucky, Mrs. Kate Stevenson of Massachusetts and Mrs. H. C. McCabe of Ohio.

WHAT DEMMIES MAY EXPECT

If the Republicans Ever Get Control of the Legislature of Kentucky.

WASHINGTON, Nov. 14.-Fired with a determination to retain control of the States recently gone antl-Democratic, the Republicans are formulating ascheme to re-apportion every Democratic State which has fallen into the hands of the Republicans. According to Chairman Babcock, gerrymandering in lts worst form is to prevail. The plan proposed is to re-apportion both as to Legislative and Congressional districts, in the exclusive interest of the Republicans. It will probably be based on the Connecticut idea, where communities of 50,000 Democratic population have no more representation than those of 500 Republican population.

This is the dose in store for New Jersey and for those Southern States which have drifted from their moorings -Delaware, West Virginia, North Corolina and Missouri.

The Republicans are already boasting that Kentucky is really Republican now, and this scheme will be carried out if the Republicans in the Bluegrass State can secure the Legislature after the next election.

It is said that Delaware will be fixed so it will be impossible to ever send another Democratic Senator from that State. Another feature of Republican purposes is where it is practicable to organize Congressional smelling committees to go into the State with a view Comments of County Superintendent to prepare the way for Federal legislation in the interests of the Republican party.

These committees will be supplemented by Legislative committees in all States where the Republicans will have control of the result of the elections. The primary object will be to put under the heel of Republican partisan supervision all Democratic cities. While a Democrat is in the White House there can be no Federneeds to get a move on himself and give at election laws or force bill, but inevita-White House, another force bill will be at-

THOMAS MORAN.

One of Maysville's Old and Respected Citizens Passes Away After a Brief Illness.

Mr. Thomas Moran, one of Maysville's old and respected citizens, dled Friday afternoon at 1:30 o'clock, at the family residence on Second street, Fifth ward. Mr. Moran was taken sick last Tuesday or Wednesday with capillary bronchitls. The attack was not considered especially dangerous, vet the presentiment took hold of him that it was his last illness, and that his end was near. The final summons came at the hour named, and he peacefully passed to his reward.

Deceased was born in 1833, ln Loughrcn, County Galway, Ireland. In 1850 he came to America, and had resided in Maysville since 1855 His upright conduct and industrious habits won him the respect and confidence of all who knew him. He was watchman at the Collins & Rudy Lumber Mills, for years, until bad health compelled him to give up the position. His wife and four children,-two sons, John and Michael, and two daughters,-Mrs. William Moran and Mrs. Fred Bauer-survive him.

The funeral will occur to-morrow at St. Patrick's Church, and will be under the auspices of St. Patrick's Benevolent Society, of which deceased was a member. Interment at Washington.

FITZSIMMONS KILLS HIS PARTNER. Con Riordan Receives a Fatal Blow While Sparring.

SYRACUSE, Nov. 17.—Robert Fitzshmmons fatally injured Con Riordan, his sparring partner, lust night in the first round of his usual exhibition, which closes the program of his vaudeville show. Jacobs' theatre was crowded to witness the entertainment and the audience departed for their homes, little knowing that Riordan was still uncon-scions. The blow was a righthander and canght Riordan squarely on the chin. He did not fall to the floor from the force of the blow, but sank slowly until he measured his length on the floor.

The accident ocentred at 10:30 o'clock and two physicians worked over him with applications of electricity for two hours and a half without returning him to conscionsness. He was then removed to the Hotel Cundee. There the efforts to restore him to consciousness were renewed, and the nid of another physician was called on.

At about 3 o'clock he was in the same state of nneousciensness which he had been all evening, when his laborious breathing and nervons twitching of the museles of his face and body warned the physicians that his death was approaching. At 3:15 o'clock his breathing had almost entirely stopped and at 3:30 Dr. D. M. Tottrian pronounced him lifeless.

At his bedside at the time of his death were three physicians and about 20 members of the local sporting fraternity.

Fitzsimmons was arrested and taken to police headquarters at 2 o'clock. He seemed in low spirits at the outcome of the accident and implored the officers that he be not required to go to the bedside of the dying man.

When explaining the fight to the police he said that Riordan was only "taking his evening nap" and that he thought that he would come out all right. He said that Riordan had been drinking a good deal during the day, as he had been for a long time. The company were about to discharge him, as he was not lively enough when he came upon the stage with Fitzsimmons and he could not make the bouts interesting for the andieuce.

"I did not hit him hard," said he, "I only tapped him like that," striking an officer lightly on the oheek, "when he winds. fell to his knees, he said 'Call time,' I did not think that I had hurt him and supposed he only wanted to escape punishment.

'We had only been on a few minutes when I made a pass at him. I hit him on the right cheek with the back of my right hand."

Fitzsimmons when informed of Rior dan's death was much affected and burst into sobs.

Manager Glori stated that Riordan had been drinking hard all day and that he was intoxicated when he came on the stage for the set-to.

KNIGHTS OF LABOR.

Another Day's Dolngs of the Convention at New Orleans.

NEW ORLEANS, Nov. 17 .- All of the delegates to the general assembly were delegates to the general assembly were present when Master Workman Sovereign called the session to order. The first business was to receive the report on the financial condition of the order, and it was reported now in the grand to the grand of the gra treasurer's hand a snm of \$9,000.

A schedule of the property in posses. sion of the order was also presented. Among the items on the schedule was the Knights of Labor building in Philadelphia valued at \$60,000. Official Journal and plant, \$15,000; Canalburg(Ind.) coal miue, \$10,000; real estate at Homer, N. Y., \$24,000, and other smaller properties aggregating about \$95,000 in all.

The committee on law made their report, which was referred to the committee on distribution to be presented to the subcommittees, and few minor changes were made in the preamble of the order, but the motion to "elect grand officers for two terms of two years each" was defeated by a large majority.

A congratulatory telegram was sent to the National Grange now in convention at Springfield, Ills.

Interest is now centering in the election of officers, which will not be taken until the latter part of the session. Past Master Workman Powderly is now in the field and has a strong following against the present incumbent. Mr. Powderly declines to be interviewed and will not say he is after the office, nor will he deny the rumor that he is. He can not enter the assembly session without he is in possession of his traveling card, as he is a past mem ber. So far he has not exhibited his card

RACING ON ICE. New Movement Among the Trotting Fraternity Up North.

Sr. PAUL, Nov. 17 .- Au enthuslastie meeting of the owners of trotting and pacing herses was held at the Metropolitan hotel. It was decided to form a permanent organization, which shall be known as the Capital City Driving clnb.

It was decided to have an ice track on the river, on which to speed, races being held and suitable prizes offered during the winter months, at which owners of horses outside the city will be invited to attend, and it is expected that many will come to the city with their strings of trotters and pacers in order to work them on the ice. It has been proved, both in Montreal and Minueapolis, that such practice is decidedly beneficial to animals that have had a hard season during the previous summer and are sore, to have joggings and speedings on the snow and ice. Speeding preserves both the health and condition of the animal and acts as a tonic on the weakened parts.

The track will be kept in the best possible condition during the entire winter after it freezes up, se that regular work can be given on it. Fast horses have already been purchased by seine of those interested in the movement. Report gives one a record this season of 2:06, another of 2:10, so that St. Paul will not have to take a second place with the visitors from Minneapolis or elsewhere.

Trans-Mississippi Congress.

Boise City, Nov. 17 .- Governor Me-Connell Friday appointed 10 delegates to represent Idaho at the trans-Mississippi congress to meet in St. Louis Nov. The governor has been invited to deliver an address in response to the address of welcome on behalf of the congress, and he will probably accept.

THE NEW WORLD METROPOLIS.

Chicago Reaching For New York's Crown as Queen of the Continent.

This significant editorial appears in that very much alive New York paper, The World:

"Consolidation must take place or soon the pushing western city will appear upon the map as the queen of the continent. The figures are conclusive. In 1900, unless consolidation takes place, it will snrely be smaller, and Chicago will utter a tremendous roar, which will echo and re-eoho around the world, for New York will have lost the leading place, with all the power, prestige, importance and substantial benefits such a place brings. And Chicago will have it and make the most of it. The advantages of being the first city in population cannet be overestimated. It is an advertisement all over the world. It attracts capital and a thousand other benefits."

There is no help for New York. It must submit to the inevitable. Chicago is catching up at a pace that cannot be lessened. Chicago is bound by all laws of pregress to pass New York within the near future and to take and keep the position of first city of the continent, foremost of the cities of the new world.

The usual statistical estimate of manhood voters is one to five of the entire population. Deducting the registration by women, which is comparatively insignificant, the population of the city of Chicago must be today more than 1,500,000, and remembering the rate per cent of increase in past decades, taking the average and accepting the mathematical demonstration, it will scarcely require the opening of a new century to find Chicago at the head of American cities.

It is true, as the New York newspaper says, "the advantage of being the first city in population cannot be overestimated. It is an advertisement all over the world. It attracts capital and a thousand other benefits."

The men who founded New York on its narrow strip of land were not farsighted. They thought only of their immediate profits from trade. The men who founded Chicago were farsighted. They thought of the future of their city, the destiny of their country. The former were foreigners who had no idea of beceming Americans. The latter were Americans. New York has continned to be a foreign city. Chicago has always been an American city.

Cousolidation with Brooklyn will not avail New York now. Lack of Americanism is its constitutional defect. It is past repairing now, so far as predominance is concerned. - Chicago Herald.

KNOWLEDGE

Brings comfort and improvement and tends to personal enjoyment when rightly used. The many, who live better than others and enjoy life more, with less expenditure, by more premptly adapting the world's best products to the needs of physical being, will attend the value to health of the pure liquid laxative principles embraced in the remedy, Syrup of Figs.

Its excellence is due to its presenting in the form most acceptable and plensant to the taste, the refreshing and truly beneficial properties of a perfect laxative; effectually cleansing the system, dispelling colds, headaches and fevers and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession, because it acts on the Kidneys, Liver and Bowels without weak-ening them and it is perfectly free from every objectionable substance.

Syrup of Figs is for sale by all drug-gists in 50c and \$1 bottles, but it is manufactured by the California Fig Syrup Co. only, whose name is printed on every package, also the name, Syrup of Figs, and being well informed, you will not accept any substitute if offered.
